

Index for *Texas Medicine*, 2020

Introduction

This index includes three parts: Subject Index, Author Index, and Deaths. Medical terminology follows MeSH (Medical Subject Headings), used for PubMed and other indexes and databases produced by the National Library of Medicine. Non-MeSH terms are those preferred by the author or commonly used within the discipline.

Subject Index

A

Abbott, Greg

- federal funds for Healthy Texas Women restored (Rounds), Mar p 10
- pandemic poses legal pitfalls; TMA seeks better liability shields for all physicians during COVID-19 (Law), Aug pp 38–40
- on spread of COVID-19 (Pulse), Aug p 8

Accidental Injuries

- industrial innovation, increased injuries (Looking Back), Aug p 10

Accountable Care Organizations

- ACOs tops for state, national Medicare savings (Pulse), Feb p 8
- Medicare shared savings program and Texas ACOs: by the numbers, Dec p 43
- the power of community: TMA envisions locally focused ACO model as an engine for better safety-net care, Dec pp 38–41
- principles of a community-based ACO, Dec p 39
- report and recommendations to House of Delegates (Rounds), Nov pp 4, 6
- rewarding results: Texas ACOs' performance in Medicare bodes promisingly for the future of value-based care (Quality), Dec pp 42–46

TMA PracticeEdge ACOs tops for state, national Medicare savings (Pulse), Feb p 8

Acebo, Sally

TMA Minority Scholarship recipient (photo), Aug p 18 (Rounds)

Acosta, Martha Vela

tele-town hall series addresses border concerns (Rounds), Nov p 10

Acquired Immunodeficiency Syndrome [COVID-19 similarities to HIV/AIDS pandemic], Sep p 20

Active Shooter. *See* Gun Violence

Adaptation, Psychological

coping during COVID-19 crisis, Jun p 14

Advance Directives

DNR education, Nov p 46

Advanced Law Enforcement Rapid Response Training Center, Texas State University at San Marcos

under the gun: Texas hospitals and clinics may need to change how they prepare for active shooter situations, Mar pp 36–39

Advanced Practice Nursing

physicians must lead care teams, medicine tells feds (Rounds), Mar pp 10–12

Advisory Committee on Immunization Practices (ACIP)

ACIP recommendations: talk to patients about, Oct p 47

African Americans

desegregating medicine: Houston internist Edith Irby Jones, MD, broke barriers in all-white medical schools in the South and in her hometown of Houston, Apr pp 32–35

AIDS Regional Information and Evaluation System (ARIES)

the legacy of ARIES: an outdated technology burns up time and resources that physicians could use

- to treat HIV and AIDS patients, Mar pp 23–25
- Air Pollution
the temperature's rising: preparing for the health effects of climate change, May p 21
- Akbar, Abraham
positive pressure: physicians promote community training in emergency hemorrhage control (photo), Jul pp 42–45
- Alabi, Kemi
TMA Minority Scholarship recipient (Rounds), Aug p 18
- Alexander, Lamar
making billing more balanced: as congress weighs legislation, medicine pushes for fair play in out-of-network bill disputes, Mar pp 18–21
- Alexander, Troy
taking privacy to a new level: Texas lowers the reporting threshold for security breaches, Jan pp 28–29
- Alker, Joan
rate of uninsured kids in Texas on the rise (Rounds), Jan pp 12–14
- Alliance for Innovation on Maternal Care (AIM)
protocols and maternal mortality reduction, Jul p 28
- Alozie, Ogechika
the legacy of ARIES: an outdated technology burns up time and resources that physicians could use to treat HIV and AIDS patients, Mar pp 23–25
making telemedicine work: recent trends and new TMA-backed laws are about to reshape physicians' practices, May p 35
reaching for the cure: Texas Medicaid doesn't cover hepatitis C drugs until patients are already seriously ill (photo), Feb pp 38–42
"an unfortunate legacy": COVID-19 reveals long-standing health inequities among minority patients (photo), Sep pp 19–23
- Alternative Payment Models (APMs)
going nowhere: resignations from advisory committee cast doubt on future of physician-created alternative payment models (Quality), Apr pp 36–38
supporting fair APM payments: AMA backs accounting for social determinants of health (Quality), Jan p 26
- American Medical Association
AMA creates CPT codes for combination COVID-19 /flu tests (Rounds), Dec pp 10–12
AMA interim meeting, special coverage (Rounds), Jan pp 16–17
House of Delegates
AMA House says "no" to vaping (Rounds), Jan p 16
[leadership election results] (Rounds), Jan p 17
MIPS plan rejected (Rounds), Jan p 16
other issues merit action (Rounds), Jan p 17
Reference Committee members from Texas (Rounds), Jan p 17
[support for risk adjustment in APMs], Jan p 26
Texans shine brightly (Rounds), Jan pp 16–17
a new leader for a new time; Sue Bailey takes the helm at AMA amid COVID-19 crisis (Profile), Jul pp 12–13
patient privacy's new frontier: AMA principles aim to keep apps, other third parties honest with personal health data (Law), Dec pp 22–23
Texans take new AMA leadership spots (Rounds), Aug p 15
- America's Health Insurance Plans (AHIP)
seeking a measure of reason: TMA joins collaborative seeking to identify and

- standardize quality metrics (Quality), Apr pp 40–41
- Analgesics, Opioid
the PMP requirement begins: with EHR integration in place, physicians must check state database prior to prescribing an opioid starting March 1 (Law), Mar pp 29–30
- TMA to TMB: let docs decide if in-person visit needed for more opioid scrips (Rounds), May pp 14–16
- Andrews, Charles
our best shot: vaccines can help stop COVID-19; Texas physicians are helping find the right ones quickly and safely (photo), Nov pp 17–21
- talk to patients about: vaccine testing, Nov p 23
- Appointments and Schedules
when COVID-19 visited this physician's Houston practice: lessons learned (photo), May pp 30–31
- Appriss Health
mismatch game: more than a nuisance, PMP errors could harm the patient-physician relationship (Law), Oct pp 38–39
- Arambula, Michael
appointment to Prescription Monitoring Program Advisory Committee (Newsmakers), Jan p 12 (Rounds)
- Arbitration. *See* Negotiating
- Arreota, Amanda
the class of COVID-19: Texas medical students struggle to fight the pandemic in their own way while adjusting to a lot of uncertainty (photo), Jun pp 16–18
- AstraZeneca
our best shot: vaccines can help stop COVID-19; Texas physicians are helping find the right ones quickly and safely, Nov pp 17–21
- Astrophotography
stethoscopes and telescopes: Temple physician [John Manning] focuses his skills on astrophotography (Q&A), Feb pp 46–48
- Attitude of Health Personnel
"This makes me feel more alive": catching COVID-19 helped family physician Tim Martindale find new ways to help his patients (photo), Sep pp 30–33
- Attitude to Health
how Americans feel about health care (Infographic), Jan pp 28–29
- Audiologists
TMA opposes attempts to expand audiologists' scope (Rounds), Apr pp 13–14
- Auster, Moe
making billing more balanced: as congress weighs legislation, medicine pushes for fair play in out-of-network bill disputes, Mar pp 18–21
- Austin Regional Clinic (ARC)
an unfair game: after three years, the Quality Payment Program rules are still stacked against physicians, Jan pp 23–24
- Awards and Prizes
Daughters of the American Revolution Medal of Honor awarded to Phil H. Berry, Jr. (Newsmakers), Apr p 15 (photo)
- fighting epidemics: Robert Haley, MD, wins inaugural Nickey Award for public health (Profile), Mar pp 26–27
- John Zerwas, MD, honored for service in Texas House (Rounds), Apr pp 12–13
- Maternal Mortality and Morbidity Review Committee receives Texas Health and Human Services Commission Partner in Public Health Award (Newsmakers), Mar p 11
- nominate outstanding science teachers for a TMA award (Pulse), Dec p 7

- recipients of 2020 Ernest and Sarah Butler Awards for Excellence in Science Teaching, Aug pp 18–19
- recipients of TMAF 2020 John P. McGovern Champion of Health Awards (photo), Mar p 8 (Rounds)
- TMA Minority Scholarship recipients (Rounds), Aug pp 18
- TMA President's Award presented to El Paso emergency community for shooting response (Rounds), Apr p 13
- Williams, Josie R., receives TMA Distinguished Service Award (Rounds), Nov p 4
- Azar, Alex
- fed strategies for tackling EHR burden (Rounds), May pp 16–17
- health emergency extension pushes waivers into 2021 (Rounds), Dec p 9
- [on regulation of e-cigarettes], Feb p 21
- Azithromycin
- pharmacy board chloroquine restrictions lapse (Rounds), Sep pp 12–13
- B**
- Bailey, Susan Rudd
- AMA creates CPT codes for combination COVID-19 /flu tests (Rounds), Dec pp 10–12
- [incoming president, AMA] (Rounds), Jan p 18; Aug p 15
- a new leader for a new time; Bailey takes the helm at AMA amid COVID-19 crisis (Profile), Jul pp 12–13
- [on COVID-19 impact] (Pulse), Oct p 8 (photo)
- patient privacy's new frontier: AMA principles aim to keep apps, other third parties honest with personal health data (Law), Dec pp 22–23
- Ball, Cynthia
- left in the dust: better patient work histories can help with underreporting of workplace illnesses like silicosis, Jan pp 38–40
- Banning, Tom
- priority: primary care; positioning primary care practice for a better present and a bright future, Dec pp 15–20
- Baraka, Abakar Sabir
- TMA Minority Scholarship recipient (Rounds), Aug p 18
- Barbee, Sam
- paying the price for PPE, Jun p 23
- Barnes, Kate
- recipient, TMAF 2020 John P. McGovern Champion of Health Award (photo), Mar p 8 (Rounds)
- Barrett, Alan
- our best shot: vaccines can help stop COVID-19; Texas physicians are helping find the right ones quickly and safely, Nov pp 17–21
- Bartlett, Elizabeth
- [testing for COVID-19 symptoms] (photo), Jun p 23
- Bauer, Brad
- mismatch game: more than a nuisance, PMP errors could harm the patient-physician relationship (Law), Oct pp 38–39
- Baylor Scott & White Quality Alliance
- rewarding results: Texas ACOs' performance in Medicare bodes promisingly for the future of value-based care, Dec p 44
- Beall, K. H.
- heavy words for the overweight (Looking Back), Feb p 9
- Behavioral Medicine
- a boost for behavioral health: new state programs give physicians tools to improve young Texans' mental health, May pp 43–45
- pandemic pressures: COVID-19 poses serious behavioral health challenges, Oct pp 19–25
- use it or lose it: Texas' new behavioral health program can help physicians if they take advantage of it, Dec pp 34–37

- Belcher, Nora
the tele-future is now; COVID-19 threw Texas physicians headlong into Telemedicine, Jul p 19
- Benavides, Luis
rewarding results: Texas ACOs' performance in Medicare bodes promisingly for the future of value-based care (Quality), Dec pp 42–46
tele-town hall series addresses border concerns (Rounds), Nov p 10
- Benson, Carra
E&M coding about to change; physicians should benefit from less documentation under revised Medicare rules, Aug pp 43–44
- Benz, Allison
mismatch game: more than a nuisance, PMP errors could harm the patient-physician relationship (Law), Oct pp 38–39
pharmacy board chloroquine restrictions lapse (Rounds), Sep pp 12–13
the PMP requirement begins: with EHR integration in place, physicians must check state database prior to prescribing an opioid starting March 1 (Law), Mar pp 29–30
- Berger, Michelle A.
[secretary/treasurer TMA House of Delegates and Board], Jun p 48
TMA advocacy retreat, Dec. 6-7, 2019 (Imaging), Feb p 33
- Berhe, Mezgebe
our best shot: vaccines can help stop COVID-19; Texas physicians are helping find the right ones quickly and safely (photo), Nov pp 17–21
- bBerry, Phil H. Jr.
recipient of Daughters of the American Revolution Medal of Honor (Newsmakers), Apr p 15 (photo)
- Berry, Tiffany
rewarding results: Texas ACOs' performance in Medicare bodes promisingly for the future of value-based care (photo), Dec p 44
- Biary, Bissan
telemedicine boot camp: physicians get trained for the future of remote care, Nov pp 30–33
- Bias
implicit bias in prenatal drug testing (Commentary), Jul p 6
- Bilello, Josh
[AMA Medical Student Section Region 3 alternate delegate] (Rounds), Jan p 17
- Blackwell, Thomas
testing boundaries: COVID-19 made the USMLE, classroom learning, and clerkships a moving target for medical students, Sep p 36
- Blair, Pete
under the gun: Texas hospitals and clinics may need to change how they prepare for active shooter situations, Mar pp 36–39
- Blanco, Cesar
tele-town hall series addresses border concerns (Rounds), Nov p 10
- Bonnen, Greg
TEXPAC candidates nearly swept the Super Tuesday field (Rounds), May p 12
- Border Health Caucus, TMA
tele-town hall series addresses border concerns (Rounds), Nov pp 8, 10
- Bornstein, Michael
road to recovery: COVID-19 tests, bends, and breaks Texas practices as they scramble to stay viable, Aug p 26
- Bornstein, Sue
priority: primary care; positioning primary care practice for a better present and a bright future (photo), Dec pp 18–20
- Brady, Kevin
making billing more balanced: as congress weighs legislation, medicine pushes

- for fair play in out-of-network bill disputes, Mar pp 18–21
- Brady, Wesley Anne
road to recovery: COVID-19 tests, bends, and breaks Texas practices as they scramble to stay viable (photo), Aug pp 25–26
- Breast Neoplasms
[on breast cancer awareness] (Pulse), Jan p 8
- Briggs, Emily
breaking down barriers: long-acting reversible contraceptives...often don't go to women who need them, Jan pp 42–44
- Brooks, Andrew
let's be wise about smartphone use [excerpt] (Pulse), Mar p 4
- Bruel, Brian
same old hurdles: PMP requirement doesn't lower pharmacy-mandated obstacles to filling opioid scrips, Sep pp 40–43
- Bruggeman, Adam
an injury to justice: TMA fights court decision tilting workers' comp payment disputes in insurers' favor (Law), Jan pp 32–36
appointment to Prescription Monitoring Program Advisory Committee (Newsmakers), Jan p 12 (Rounds)
mismatch game: more than a nuisance, PMP errors could harm the patient-physician relationship (Law), Oct pp 38–39 (photo)
- Buckingham, Dawn
TEXPAC candidates nearly swept the Super Tuesday field (Rounds), May p 12
- Bunch, James
[AMA Medical Student Section Region 3 delegate] (Rounds), Jan p 17
- Buprenorphine
[for opioid use disorder], Oct p 35
- Burgess, Michael
an unfair game: after three years, the Quality Payment Program rules are still stacked against physicians, Jan pp 24–25
medicine to Congress: expand maternal Medicaid coverage (Rounds), Feb p 14
TEXPAC candidates nearly swept the Super Tuesday field (Rounds), May p 12
- Burnout, Professional
beyond burnout: docs decry moral injury from financial pressures of health care (excerpt) (Pulse), Apr p 6
10 tips to manage stress (Pulse), May p 8
what causes physician burnout? (Pulse), Jul p 8
- Busogi, Belinda
TMA Minority Scholarship recipient (Rounds), Aug p 18
- C**
- Caballero, Celeste
mixed bag: physicians believe some payers are taking advantage of COVID chaos (photo), Oct pp 26–31
- Callas, Ray
how physicians find the right financial team (Advertorial), Mar pp 14–15
MIPS plan rejected [AMA interim meeting] (Rounds), Jan p 16
- Cameron-Willacy County Medical Society
paying the price for PPE, Jun pp 22–23
- Camp, Tammy
strength in numbers: Texas physicians are promoting the U.S. census to improve funding for patient services, Mar pp 42–45
- Cancer Screening. *See* Early Detection of Cancer
- Cardenas, Carlos
dulling the pain of future damages: Texas Supreme Court decision carries new implications for periodic payment of

- future medical expenses (Law), Sep pp 44–45
- no double-dipping; TMA: preserve tort reform ban on tacking settlement money onto negligence awards (Law), May pp 25–27
- Carlo, John
- AMA House says "no" to vaping (Rounds), Jan p 16
 - the legacy of ARIES: an outdated technology burns up time and resources that physicians could use to treat HIV and AIDS patients (photo), Mar pp 23–25
 - mixed bag: physicians believe some payers are taking advantage of COVID chaos (photo), Oct pp 26–31
 - operation distribution: questions remain about how to distribute COVID-19 vaccines, but physicians play a key role, Dec pp 28–31
- Carlson, Craig
- covered for COVID? Business interruption insurance could come in handy for losses related to COVID-19, Jul pp 20–21
- Carlton, Brint
- arbitration law will be "messy" (Rounds), Mar pp 8–9
 - PMP checks not necessary for in-facility medications, TMB says (Rounds), Apr p 12
- Carpenter, Robert
- skipping a step: many medical educators and students think the clinical skills portion of USMLE needs to be reformed or eliminated (photo), Nov p 40
 - testing boundaries: COVID-19 made the USMLE, classroom learning, and clerkships a moving target for medical students, Aug pp 34–36
- Castillo, James
- pandemic pressures: COVID-19 poses serious behavioral health challenges, Oct pp 19–25
- Census
- hard-to-count Texans, Mar p 44
 - strength in numbers: Texas physicians are promoting the U.S. census to improve funding for patient services, Mar pp 42–45
 - U.S. Census timeline, Mar p 43
- Center for Health Communication, University of Texas at Austin
- talking to patients about the PMP (Rounds), Mar p 9
- Center for Healthcare Data, UTHealth
- the power of data; UTHealth publishes claims statistics shedding light on Texas' health needs, May pp 40–42
- Center for Innovation in Advanced Development and Manufacturing (CIADM)
- [COVID-19 vaccine development], Nov p 20
- Centers for Disease Control and Prevention (CDC)
- left in the dust: better patient work histories can help with underreporting of workplace illnesses like silicosis, Jan pp 38–40
- Centers for Medicare & Medicaid Services (CMS)
- 1115 Medicaid Transformation Waiver, Dec p 40
 - an unfair game: after three years, the Quality Payment Program rules are still stacked against physicians, Jan pp 18–25
 - appropriate use of time? Medicare's new rules for ordering advanced imaging tests present potential burdens., Feb pp 34–36
 - clear as mud? Federal rule will mandate hospitals to post prices on a menu of services, May pp 37–39

- CMS' 2021 fee schedule proposal could lower physician pay (Rounds), Oct p 14
- CMS to recoup chronic care management payments (Rounds), Feb p 15
- COVID-19 and Telemedicine, Jul p 16
- E&M coding about to change; physicians should benefit from less documentation under revised Medicare rules, Aug pp 43–44
- E&M coding changes among major CPT revisions for 2021 (Rounds), Nov pp 14–15
- health emergency extension pushes waivers into 2021 (Rounds), Dec p 9
- physicians must lead care teams, medicine tells feds (Rounds), Mar pp 10–12
- the power of data; UTHealth publishes claims statistics shedding light on Texas' health needs, May pp 40–42
- rewarding results: Texas ACOs' performance in Medicare bodes promisingly for the future of value-based care (Quality), Dec pp 42–46
- a social shift: COVID-19 disparities prompt Medicare to call for stronger emphasis on value-based care, Sep pp 24–29
- TMA balks at proposed Medicare payment cut (Rounds), Dec pp 8–9
- Chachere, Breanna
TMA Minority Scholarship recipient (Rounds), Aug p 18
- Chan, Fonda
the tele-future is now; COVID-19 threw Texas physicians headlong into Telemedicine (photo), Jul pp 16–18
- Chemitiganti, Rama
the tele-future is now; COVID-19 threw Texas physicians headlong into Telemedicine (photo), Jul pp 17–19
- Chernosky, Marvin
a medical solution to a hairy problem (Looking Back), Oct p 12
- Chesnut, Michelle
road to recovery: COVID-19 tests, bends, and breaks Texas practices as they scramble to stay viable (photo), Aug pp 26–27
- Child Psychiatric Access Network (CPAN)
a boost for behavioral health: new state programs give physicians tools to improve young Texans' mental health, May pp 43–45
- regions of responsibility, May p 44
- use it or lose it: Texas' new behavioral health program can help physicians if they take advantage of it, Dec pp 34–37
- Children
rate of uninsured kids in Texas on the rise (Rounds), Jan pp 12–14
- Children's Health Insurance Program (CHIP)
health emergency extension pushes waivers into 2021 (Rounds), Dec p 9
- rate of uninsured kids in Texas on the rise (Rounds), Jan pp 12–14
- Childs, Tilden
appropriate use of time? Medicare's new rules for ordering advanced imaging tests present potential burdens., Feb pp 34–36
- Chloroquine
pharmacy board chloroquine restrictions lapse (Rounds), Sep pp 12–13
- Christensen, Juanema
TTUHSC's mask decontamination project (photos), Jun pp 25–26
- Christner, Jennifer
a perfect match? COVID-19 has forced GME programs and medical students to make last-minute adjustments in resident selection process, Sep pp 34–36
- testing boundaries: COVID-19 made the USMLE, classroom learning, and clerkships a moving target for medical students, Aug pp 34–36

Chronic Diseases

COVID-19 impact on treatment, Jul p 26

Chronic Traumatic Encephalopathy

butting heads over football (Looking Back), May p 10

Chung, Wendy

quarantine's quandary: contact tracing may present problems for some Texans unable to self-isolate, Aug pp 32–33

Climate Change

focus on the evidence (Letter), Sep p 4
health & climate connected (Letter), Sep pp 4–5

the temperature's rising: preparing for the health effects of climate change, May pp 19–23

Texas' climate forecast: extreme, May p 23

Clinical Clerkships

testing boundaries: COVID-19 made the USMLE, classroom learning, and clerkships a moving target for medical students, Aug pp 34–36; Sep pp 34–36

Clinical Trials

our best shot: vaccines can help stop COVID-19; Texas physicians are helping find the right ones quickly and safely, Nov pp 17–21

Clinton, Chelsea

getting around COVID-19 isolation, Oct p 22

Coalition Against Surprise Medical Billing

making billing more balanced: as congress weighs legislation, medicine pushes for fair play in out-of-network bill disputes, Mar pp 18–21

Collin-Fannin County Medical Society

paying the price for PPE, Jun p 23

Combs, Shanna

breaking down barriers: long-acting reversible contraceptives...often don't go to women who need them, Jan pp 42–44

Communicable Diseases

in defense of public health: preventable diseases are back on the map, and Peter Hotez...says physicians need to think globally to help stop the trend (TexMed 2020), Apr pp 24–25

Communicable Diseases, Emerging

bracing for the big ones: novel diseases like COVID-19 could be a tough test for Texas' public health system, Apr pp 40–41

Community Immunity. *See* Immunity, Herd Community Networks

the power of community: TMA envisions locally focused ACO model as an engine for better safety-net care, Dec pp 38–41

Compassion. *See* Empathy

Computer Security

taking privacy to a new level: Texas lowers the reporting threshold for security breaches, Jan pp 28–29

Confidentiality

TMA challenges Ascension–Google partnership (Rounds), Jan p 12

Contact Tracing

quarantine's quandary: contact tracing may present problems for some Texans unable to self-isolate (photo), Aug pp 32–33

Contracts

"absurd" contract dodge rejected: appeals court denies "free speech" challenge to cancer center's debt-collection suit (Law), Apr pp 27–29

Conway, Deborah

testing boundaries: COVID-19 made the USMLE, classroom learning, and clerkships a moving target for medical students (photo), Aug pp 34–36

Cook, Ronald

growing residents: Texas medical schools find ways to create more GME slots to build state physician workforce (photo), Jun p 44

Copper Sulfate Poisoning
 January 1892: a silver bullet for poisoned
 stew (Looking Back), Jan p 10

Core Quality Measures Collaborative
 (CQMC)
 seeking a measure of reason: TMA joins
 collaborative seeking to identify and
 standardize quality metrics
 (Quality), Apr pp 40–41

Cortez, Briana
 TMA Minority Scholarship recipient
